

Serbian Society for Colposcopy and
Cervical Pathology

The first regional seminar: Advanced colposcopy

Date: 2-3 November, 2018
Sava Centar, Belgrade, Serbia

The seminar is organized in conjunction with the European Federation of
Colposcopy and Lower Genital Tract Pathology

Endorsed by:

European Society of Gynaecological Oncology (ESGO)
Association of Gynecologists and Obstetricians of Serbia,
Montenegro and Republic of Srpska (UGOSCGRS)
Gynecology and Obstetrics Section of Serbian Medical Society

The Serbian Society for Colposcopy and Cervical Pathology has a tradition of more than two decades. During this time a number of meetings, lectures and seminars have been held, including the International Colposcopy Course 2004, the European Congress in Colposcopy 2007, as well as the Second Regional Symposium on Cervical Cancer Prevention.

It is our pleasure to invite you to the First regional seminar: Advanced Colposcopy, which Serbian Society for Colposcopy and Cervical Pathology will organize on November 2nd and 3rd, 2018, in the Sava Centar, Milentija Popovica 9, 11070 Novi Beograd.

The aim of this seminar is to train gynecologists who have completed education in basic colposcopy for comprehensive management of clinical problems in the field of lower genital system pathology. The program of Advanced Colposcopy seminar was developed on the standards of the European Federation for Colposcopy. The lecturers are distinguished colleagues from from European Federation for Colposcopy and presidents of colposcopic societies from the region..

We cordially invite you to work together on improving the quality and introducing the standards of colposcopy in our work.
